### About the Ensemble

One of the largest active flute choirs in the United States, Penn Flutes is open to flutists of virtually all levels: undergraduate, graduate, faculty, staff and community members are welcome. Performances take place both on campus and around the region alongside our community partners. Repertoire spans a variety of genres from the Renaissance through Modern eras, and select members may be offered the opportunity to perform on piccolo as well as bass and alto flutes.

### About Music in the Stacks

A collaboration between the **Albrecht Music Library** and the **Department of Music**, "Music in the Stacks" brings Penn musicians into library spaces for drop-in, public performances throughout the semester.
