In keeping with this year's overarching theme of resilience, Penn Flutes presents "Girl Talk", a program largely featuring music of women composers. Traditionally underrepresented in the music industry for centuries, recent years have shown an exhilarating recognition of the importance women have had in music making, whether onstage, on the podium, at the composing desk or in the classroom. We're proud to feature these wonderful works today, along with a few of our favorites from the Emerald Isle.

A New Beginning Phyllis Louke

Elegy Cynthia Folio

Shanghai Laurel Zucker

A Lantern Lit with Borrowed Light Alexandra Molnar-Suhajda

I. Stag Moon (The Monarch of the Glen)

II. Flower Moon (Yozakura)
